

### ELECTION DAY

Congratulations to all the students who mastered their nerves and tackled the daunting task of public speaking at last Friday's school captain election speeches. Three students took to the podium to vie for the School Captain/Vice Captain positions (above : Tanikah Fenech, Ashley Taylor and Louise Hunter. Caitlin McCubbin was away on the day), and seven Year 5 students (Jack Wason, Hollie Hesselman, Kai Davies and Edward Patton standing, and Seth McCubbin, Jared Robb and Kayla Bradley) persuaded their constituents to vote for them as Primary Captains/Vice Captains. Well done to all, and we will find out who will take on the positions at Presentation Night next Wednesday!

### EXPLOSIVE SCIENCE FOR YEAR 9/10!

Year 9/10 performed experiments yesterday using common kitchen ingredients, with dramatic results. By combining vinegar and bicarbonate of soda (and then shaking the bottle) they were able to create volcanic eruptions of impressive proportions.

Right : Matt Sabjan's mixture erupts whilst Bridie McCubbin and Mrs Jackson look on!

## INTENSIVE SWIMMING

Primary students have been having intensive swimming lessons at the pool over the past two weeks : the temperatures were perhaps a little more appropriate last week, but everyone has been trying hard and enjoying themselves.
