

FAREWELL FOR MRS CULBERT

Staff and community members gathered at the Central Hotel last Thursday evening to formally farewell Mrs Culbert, who is retiring as Principal at the end of the year.

As well as a lovely meal provided by Rachel and her staff, Helen was treated to a humorous presentation of gifts and a more serious presentation of a framed whole-school photograph and flowers in the formal part of the evening.

EXHUMATION OF TME CAPSULE

A time capsule was buried on October 1st 1988 as part of the Rotary Club's Bicentennial celebrations. On Saturday the time capsule was opened.

Ungarie Central School had placed three envelopes in the capsule, one collected by Mrs Rosalie Rolfe for K/1, another by Kayanne Cattle (Neyland) for Year 1/2/3 and a third with work collected by Mrs Leanne Parkinson for Year 3/4/5.

Each envelope contained a collection of stories, photos and paintings from each classroom.

Unfortunately some of the items were damp, and photos were smudged, but it was great to look back 25 years and bring back memories.

The UCS time capsule items are currently in the front office, and students from those classes are welcome to collect their work if they wish to do so.

ABOVE LEFT : Mrs Parkinson with some of the work retrieved from the Time Capsule.

AIR CONDITIONERS INSTALLED

K/1 (pictured below) along with the rest of Primary would like to thank the P&C for the split system air conditioners installed in their classrooms recently : just in time for the hot weather!
