News...

Another epic week at Ungarie Central School is behind us! It is nearly the holidays again – can you believe that?! This first 9 weeks of Term 3 have been the quickest of them all and I don't think it's going to slow down anytime soon!

It was awesome to see so much support for the **Father's Day stall** the P&C were operating last Friday. I'm sure the back scratchers, photo frames, torches and other bits and pieces came in handy! I may be biased, but Father's Day is the second most important day of the year...

Our Computer Lab looks amazing.

We've had Jason and Mr Dodhy put a great deal of time and effort in to make this a much more effective learning space. The desks are custom made from quality materials and the room has had a fresh coat of paint. It looks a million dollars!

This Sunday, we have some student teachers arriving from the big smoke. It is part of the **Beyond the Line Program**. This program exposes student teachers studying in metropolitan areas to experience rural

schools and rural life. Once they get a taste of UCS, I have no doubt they'll be begging me for a job!!

Rebecca Hoodless from Greater Southern Health came to visit our Year 7/8 students this week. Our students will be entering either a short film or artwork to raise awareness around Mental Health issues for the **Dramatic Minds** event. I look forward to seeing the end product!

It's been like Central Station this week! We also had Jessica Poll visit from the **Live Life Well @ School Program**. Jessica has been meeting with both myself and Vanessa Williams & Emma McRae regarding the nutrition being provided to all of our students. There may be a few subtle (and I think exciting) changes over the next term or two, ultimately making us that little bit healthier!

This afternoon, Mrs Parkinson, Mrs Payne and I get the pleasure of meeting with our **2016 Kindergarten Parents!** It is a massively exciting time for all the parents and the little ones about to begin their school life! Can you remember your first day of school?

See you all soon!

School Performance

Don't forget to organise your child's costume for the
school performance, if you are required to do so. Mrs
Parkinson has organised K/1 costumes. Costumes
should be sent to school ASAP in a bag labelled with
your child's name. It's looking to be a very
entertaining performance!

Live Life Well @ School

Year 5/6 have started their pedometer challenge.
Look out parents, they are running around the
playground trying to get as many steps as possible! It
looks like parents will have a challenge when they
wear the pedometers next!

Is Your Child Getting Enough Sleep?

School-age kids need **10 to 11** hours of sleep a night.
Bedtime problems can start at this age for a variety of
reasons. Homework, sports and after-school activities,
computers, TV's, mobile devices, and hectic family
schedules can all contribute to kids not getting the
sleep they need.

Sleep-deprived kids can become hyper or irritable,
and may have a hard time paying attention in school.
It's still important to have a consistent bedtime,
especially on school nights. Leave enough technology-
free time before bed to allow your child to unwind
before lights-out. A good rule of thumb is switching
off the electronics at least an hour before bed and
keeping TVs, computers, and mobile devices out of
kids' bedrooms.
