## News this week:

I've been like a lizard drinking since our last Humbug went out!

The interest in our Facebook page has gone through the roof! It will be awesome to share our outstanding results, events and photos of our teaching and learning with all of our followers. Thank you all for getting on board – and if you're not – it's not too late!

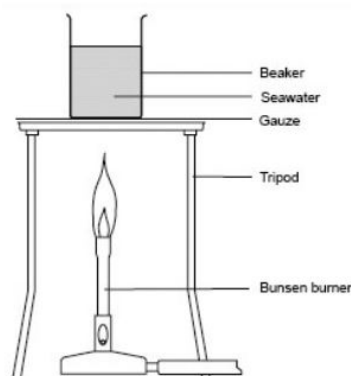

Nadine from the Red Cross came to UCS on Friday. She was incredibly excited to present to me the activities prepared and ready to go for our Kindergarten to Year 12 students. These sessions are all about nutrition - but these will have a rather engaging twist!

The Red Cross are regular supporters of our school and without them, it would be very difficult for our Breakfast Club to run. We appreciate their support!

I was lucky enough to observe another secondary class this week! This time it was Mrs Jackson's 7/8 Science class. It was again, a very engaging and practical lesson with the investigation being whether salt increased the rate at which water boiled!

There were beakers, thermometers, gauze, Bunsen Burners and other forms of scientific equipment. It was great to watch our 7/8s in action! If you're wondering...you better grab one of our 7/8s to share their results!

## **Lastly a reminder for all students travelling home from school on the buses...**

If there has been a change of routine, and you are either catching the bus or have an alternative way of getting home, can you please communicate it with both the school and bus drivers? We all want to make sure you get home safely!

Thanks!

## P&C News

What a hot week we have had ... it is fantastic to see the students drinking from the new chilled water bubbler in the playground.

Late last year the UCS P&C applied for GrainCorp Community Funding to install the bubbler for members of the school community to access refreshing cool water for the benefits of good health. It was a delight to hear that the submission was successful and the bubbler has been installed and getting lots of use particularly on these hot days in our climate.

The P&C would like to thank those involved in this project. In particular, GrainCorp for the funding to make this project possible and Kaye Wales, for her generous donation in creating a canvas cover for the bubbler to keep it protected when not in use.

## UCS Uniform Winter Order

It's that time again and we need to place a winter uniform order. If you would like jumpers, jackets or pants please use the **attached form** and return by Friday 4<sup>th</sup> March to the school office. Payment methods include cash, cheque or direct deposit.

There are plenty of shirts and hats available. For any enquiries please see Karen.

*Thank you for supporting the P&C Uniform Shop.*

### Supply of 1080 Fox Baits

**When:** Wed 2<sup>nd</sup> March, 10.00am

at Ungarie (location to be advised).

By baiting now you can dramatically reduce the population of foxes for the upcoming autumn lambing.

Throughout the Bland Shire area the fox density is commonly about 3-4 adults per square kilometre, which could potentially lead to a huge loss of new born lambs in our area. Ron Duggan is the Riverina Local Land Services Pest Animal Ranger. Ron will be delivering baits to Ungarie on Wednesday 2<sup>nd</sup> March. You need to contact Ron with numbers you require, and also which type of bait – common fox off – or treated chicken wings. The more landholders involved, the more effective the campaign will be.

Ron can be contacted on 0427 201 176 for all your baiting needs.

*For more information, please refer to the latest Land Services newsletter or contact David Kellett from the West Wyalong Local Land Services on 69 701201, or Glenn Neyland – Bland Shire Council on 69 722266*
