## From the Principal's desk...

Congratulations to Vanessa Robb who has been successful in obtaining early entry to Charles Sturt University in Wagga Wagga and Bathurst for a Bachelor of Education (K-12) and in Wagga Wagga for a Bachelor of Education (Early Childhood and Primary). Vanessa now has to decide which pathway she wishes to take.

Well done Vanessa!

The year has not finished but we are already beginning to plan for 2018. At last week's P & C meeting, we worked through some ideas for our school plan, including our school vision. We had some positive feedback from those who attended the meeting and some suggestions for things we could do differently next year. We also discussed primary classes for 2018. Our student numbers will slightly decrease from 2017, however at this stage we will still have three primary classes – K/1/2, 3/4 and 5/6.

Damian Batty, one of our Year 10 students, has been selected in an International Rules team that will tour England, Ireland and France. Damian flies out in Week 8 and will return to Australia after Term 4 has finished. With sales from our 'bake sale' yesterday and

some kind donations we have raised \$256 to go towards Damian's trip. We look forward to hearing about Damian's adventures when he returns.

Our staff have a number of professional learning opportunities over the coming weeks. Miss Perryman is attending a Stage 4/5 Geography planning day in Condobolin today and a Stage 4 visual arts training day in Dubbo tomorrow.

It will be very quiet in the secondary department next week with nine Year 7/8 students in Sydney for ASPIRE and our Year 10 students at the Lachlan Access Program Crossroads excursion at Lake Burrendong. This is an opportunity for our Year 10 students to meet their 2018 Year 11 classmates and teachers from Condobolin, Lake Cargelligo and Tullibigeal. Those who have their Learners licence will also have an opportunity to complete some more driving hours with Janene Richards

Ungarie Central School are gathering supplies to make up care packages for our Australian Troops. If you would like to donate items for the care packages, please take them to the front office by Friday 24<sup>th</sup> November and we will add them to our boxes. There are more details in the newsletter.

Until next week,  
Terrie Payne

## NEWS

Week 6, Term 4.

**K/1/2:** Evie, Dustin, Olivia, Nicholas, Darcy, Ruby, Brogan, Mia and Jack.

**Year 3/4:** Adelaide, Caitlin, Lachie, Josh, Hannah, Patrick, Kate, Ethan, Lara, Deakin, Alfred and Mitchell.

# Swimming

Next week our Intensive Swimming Program begins and will continue for two weeks. Students will need their swimmers, sunscreen, hat, rashie and a water bottle. Students may also like to bring money in order to purchase refreshments at the pool. There will be no lunch orders at the pool as lunch will be back at school.

Year 3/4 would like to thank Megan, Mavis and Lloyd for their kind donation of ice-cream lids. Your help was appreciated and we now have a fantastic supply for use in our room.

Notes will be going home this week about costume requirements for the School Performance. If you have any trouble with organising costumes please see the organising teacher.

## 'HABIT OF MIND' AND SPORT AWARD RECIPIENTS FOR WEEK 5

### SCHOOL HAPPENINGS

Left: Congratulations to these students who achieved their Resuscitation Certificates as part of the Secondary Wellbeing Program. Thanks to Angus Westaway from Leisure and Recreation Group for instructing the students and to the Bland Shire Council and the Ungarie P&C for their financial supports towards the wellbeing program.

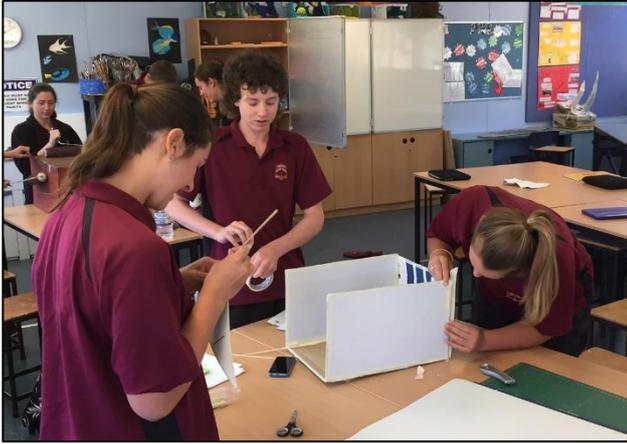

Left: K/1/2 have a second lot of chickens hatching.

Left and below: Mrs James, Miss Johnston, Mrs Parkinson and Mr Dodhy attended a professional learning afternoon at Lake Cargelligo Central School to try their hand at programming with 'Scratch'.

## YEAR 7/8 STEAM (Science, Technology, Engineering, Arts and Mathematics)

Above: Kadee Gerhard-Scali, Tom Roscarel, Abby Wason and Jack Crofts (absent) making a model of their glasshouse design.

Above: Michelene Izzard, Jye Hoskinson and Jett Brew (absent) constructing a model of the sign for the ag plot.

Below: William Batty, Madi Cassidy, Colby Crofts and Tilly Langham painting their model of the whole school composting system.

Below: Jack Wells, Ryan Wallace and Molly Bryant (absent) modelling the watering system they have designed for the grape vines.

Year 7/8 students have been taking part in STEAM (Science, Technology, Engineering, Arts & Mathematics) classes this term as a part of a new initiative being introduced across NSW schools. The idea of STEAM is for students to use a multi-disciplinary approach to foster skills in collaboration, problem-solving, creativity and critical thinking in order to resolve issues in real world contexts. At UCS students were divided into four groups with each group being given a different project all relating to the school ag plot. The featured projects include an ag plot sign, a watering system for the grapevines, a glasshouse and a whole school composting system. Not only do each team have to design and make a prototype of the physical project they have been given, but also provide various plans, maps and scaled working drawings.

# UNSW ASPIRE YEAR 9 CLICK ON MENTORING

ASPIRE's Click-on mentoring program clicks off.

Condobolin High School generously hosted the closing ceremony of ASPIRE's Click-on Mentoring program on Wednesday 1<sup>st</sup> November, ASPIRE students from Condobolin and Ungarie Central School have been mentored online by UNSW students for several weeks.

The school students had travelled to UNSW to launch the program and then it was the university students' turn to make the seven hour road trip to Condobolin to attend the official close of Click-on Mentoring.

The day was filled with a range of fun activities including learning to dress for success in newspaper (which sparked a creative range of outfits), and using craft to show an interpretation of the impact of the program.

There was a warm exchange of gifts, smiles, handshakes, hugs and some tears as the two groups of students said goodbye having experienced a wonderful journey together.

Unexpected bonds and friendships had been formed over the weeks. Also a greater understanding had grown between the students about their different lives but common sense of hope and courage to step outside and explore a world of possibilities.

Congratulations to all involved in successfully bringing the city and the country together in such a valuable way.

From the UNSW Aspire Team.

## YEAR 5/6 LITERACY

As part of a 'Persuasive Text' unit in Literacy Yr 5/6 designed and made cereal boxes. They selected a target market (eg: children or adults) and then using slogans, logos, pictures, colour and gimmicks aimed to convince the audience that their cereal was the best. They presented their arguments to the class for marking.

## A Quick Bite ...

### Planning @ home for Crunch & Sip

Planning what to take for Crunch & Sip every day could make getting to school in the mornings a little easier.

Children can plan what vegetables or fruit they'd like take to school and eat during Crunch & Sip and how they'll prepare and pack them.

They can enjoy selecting, picking or shopping for a variety of vegetables and/or fruit.

In some towns it can be hard to find good quality vegetables or fruit for children to take to school. Cost can also be a problem.

Let your school know if you can't provide

vegetables and fruit every day for your child. A school veggie garden, other families or local shops or farmers may like to donate vegetables and fruit for the children to enjoy.
