

12th September, 2019
Week 8, Term 3

The Humbug

Principal: Mrs Terrie Payne

**Condobolin Rd,
Ungarie NSW 2669**

Ph: (02) 69 759 030

Fax: (02) 69 759 157

Email: ungarie-c.school@det.nsw.edu.au

Web: www.ungarie-c.schools.nsw.gov.au

From the Principal's desk...

I had the pleasure of attending the Ungarie Show on Saturday. Congratulations to the Ungarie Show Society committee for their hard work in making the show such a success. It was a cold and windy day but that did not stop people from enjoying themselves with so many things to do and see. The Ungarie Central School display looked fantastic. There were so many positive comments about the work of our students, which is always great to hear.

Year 10 completed the Validation Assessment for Learning and Individual Development (VALID) assessment this week. This is an end of stage assessment, which assesses students in the Science key learning area. Year 8 will complete their VALID assessment next term.

Parent Teacher Interviews will be held on Monday 23rd September. We encourage all parents to attend these, as it is an opportunity to discuss your child's learning with their teacher/s. Please contact the front office to make an appointment.

Students have been practicing all term for our Performance Night, which will be held next Wednesday 18th September. All community members are welcome to attend. There'll be drama, comedy, dancing and musical items for your enjoyment. This year we purchased a set of microphones, which will make it easier for the audience to hear our students as they perform. Come along for a great night out!

The time is coming closer for our Year 12 students to complete their formal schooling. Next Tuesday we have the Lachlan Access Program Graduation in Tullibigeal. Year 12 students and staff were invited to attend the event and we look forward to seeing our students rewarded for their hard efforts over the past two years. Year 12 students who attended an ASPIRE excursion to Dubbo last year, Jack Wason, Seth McCubbin, Colby Crofts, Jared Robb, Jackson Benness and Damian Batty received a HSC care package from ASPIRE. It included things like marbles 'incase they lose theirs' and a tea bag 'because they're tea'riffic'.

Good luck to Hannah Wilson, Caitlin Rossiter, Ella Burley and Olivia Rossiter who are competing at the regional final of the Premier's Spelling Bee in Griffith today.

Until next week,
Terrie Payne

Illustrator Visit – Ben Wood

Children's book illustrator Ben Wood will be visiting our school next week. Mr Wood has illustrated around 28 books. He will be coming to speak to us about his experience as a children's book illustrator. Mr Wood might even give us a few tips when illustrating our own books, fingers crossed!

Thunder Cup Cricket

Next Friday, 20th of September, students from Years 3-6 will be travelling to West Wyalong to enjoy a day of cricket. They have been practising their cricketing skills during sport and are looking forward to showcasing their talents. Please ensure that all students attending the day have their recess, lunch, a hat and drink bottle.

Below: On Wednesday 4th September, Jack Crofts competed in the 15yr 3000m race at the NSW CHS Athletics carnival at Sydney Olympic Park.

NSW SCHOOLS MERINO WETHER CHALLENGE 2019

In March, Braden Payne and Josh Roscarel travelled with Mrs Jackson and Mrs Earney to Dubbo TAFE to attend an information day for the NSW Schools Merino Wether Challenge, and to pick up Ungarie and Condobolin's wethers to take home. Once the wethers arrived safely at school (after travelling through a horrendous dust storm just out of Condo), they were vaccinated, drenched and treated for external parasites, to make sure they were healthy and ready to grow.

Agriculture students introduced the wethers to a ration of all purpose pellets, cracked lupins and oats, along with Lucerne hay. Students kept the feed up to the wethers for the duration of their stay, regularly weighing them to monitor their growth. The wethers were halter trained and regularly walked around the ag plot to get them used to being handled. In the final week of their stay, Josh, Braden, Mrs Jackson and Mr Cattle used their weights and fleece characteristics to sort them into two teams of three, with a spare.

On Monday, 26th August, Braden, Josh and Mrs Jackson packed up the wethers, their gear and feed, and headed to Dubbo Showgrounds, via Condobolin to pick up the Condo wethers and Mrs Earney and her students. Upon arrival at the Showgrounds, the wethers were given a health check, had a side sample taken and a wool micron analysis. This data was recorded for use during the challenge.

On Tuesday, students were all up early to check on the sheep, feed them and get ready for the first day of showing. Ungarie Central School was in Group 1, and lined up for judging at 7:45am. The wethers were judged on their fleece characteristics. Josh's team of three wethers were in the top 10, meaning they had to come back for judging with the top 10 from Group 2. Unfortunately, our wethers didn't place in the top 5 in this category. After judging, every team of sheep were shorn, fleeces weighed and then the wethers were scanned for eye muscle depth. This data was all recorded to be used to judge the overall winners.

On Wednesday, students were back out with their teams of three, being judged this time on carcase characteristics and condition score. Josh's wether that he was handling was selected to come back for the finals as an individual animal, and Braden's team of three wethers were asked to come back in the final judging of the top 20 teams from Groups 1 and 2. In the end, Braden's team of three were placed fourth in the carcase section, with one of these wethers then being placed fifth in the individual carcase section.

The challenge wrapped up on Wednesday afternoon, with junior judging and challenge winners being announced. While we didn't place in any of these categories, we did achieve 8th and 14th overall, which was based on the collation of all our wether data over the two days of competition. Considering there were 90 odd teams in the challenge at Dubbo, this is something to be very proud of, especially considering this was the first time our school had competed in this challenge. Thanks to Mrs Earney from Condobolin for helping us with any questions about the competition, including during the challenge, and also to Lily Spackman, Charlotte Whiley, Jaxon Lemon and Leslie Quarman from West Wyalong High School for being part of our show team since we had 6 wethers to show with only 2 handlers!

Judging time.

Mrs Jackson, Josh Roscarel and Braden Payne with the 5th place in the Individual carcase section and the 4th place team of three.

LAKE COWAL CONSERVATION CENTRE

ENVIRONMENTAL SCIENCE PRIMARY EXCURSION

On the 20th of August we went on a bus to Lake Cowal Conservation Centre. When we first arrived we went for a long bush walk to explore the area and collect treasures to use later. We saw lots of interesting animals such as emus, wallabies, kangaroos and birds. We were also lucky enough to see emu eggs.

After this we were split into three groups. The first group went to Mrs Payne to sort the treasures collected earlier into solids, liquids, gasses and things in between.

We then went to Sally Russell and looked at dead bird skulls and beaks to guess what they were, what they ate and where they lived. We then used beaks to attempt to make a birds nest. This was surprisingly fun and hard.

We enjoyed a lovely lunch of sausages, damper and a fruit box before moving to our final group.

First we had to find camouflaged animals. Next we looked at water animals under a microscope. Seeing them under the microscope was creepy as we could see all their textures we didn't know were there!

We had a great day and learnt a lot!

By Year 3/4

First we went on the bus, it was long. After that we started to find emu foot prints and then we found emu poo. Finally we kept walking and we saw big green emu eggs and we saw a big cave. After that we climbed up the big rocks. Next we came down the big rocks. Finally we hunted for cool treasure. After that we went back on the bus back to the school.

By Isla Rossiter (Kindergarten)

First K/1/2, 3/4 and 5/6 went to Lake Cowal Conservation Centre and talked for a minute.

Next we got to the bush walking and we saw emu poo and emu tracks and you would not believe what Mrs Payne told us! A huge emu took over her!

K/1/2 saw five nests and after that we saw eight emu eggs on the ground. A Dad emu and two babies ran into the bush.

Next we turned off into the bush and when we were half way up the hill we saw a huge rock as big as a silo and we got to climb it.

After that we got to find some treasures and Jack and I paired up and found kangaroo poo, two cool rocks, some moss, a spine bone off a rabbit and a tree branch.

A while later we got back to the bus and came back to the nice warm fire. We had recess and made damper on the fire.

Nate L'Estrange (Year 2)

LAKE COWAL CONSERVATION CENTRE ENVIRONMENTAL SCIENCE PRIMARY EXCURSION

Bland Hoteliers Jackpot Draw

Tuesday will see the draw at \$2,200

Tuesday Night Raffles

6 meat trays and other prizes available.

Come on down and win some meat trays!

Proceeds from the raffles for September will benefit: **Cemetery Committee**

Bogeye Cup

14th September 2019

IT'S ON AGAIN!

The 18th Annual Bogeye Cup

The day starts at 1pm with teams of triples.

Everyone is welcome, for a fun day.

Plenty happening throughout the day with live music provided by 'We, Us & Them' and Max Ferguson plus raffles and an auction.

A delicious roast meal will be prepared by Plucka.

Plenty of prizes for best dressed teams plus the winner of the prestigious Bogeye Cup.

The Bogeye Cup has raised a lot of money for charities and local groups. This year's charities will be Dementia Research and Whiley's Redneck Car Rally for Country Hope.

Hope to see you all there for a great day!

LOVE TENNIS?

Join our Term 4 Ungarie Junior Tennis Comp

- + Mr Cattle is organising an Ungarie Junior Tennis comp for students in Year 3 to Year 12.
- + Games will commence in Term 4 starting in Week 2 through to Week 7.
- + 3 sets per afternoon to be played with people of similar ability.
- + American doubles format
- + Parents are encouraged to play a social game at the end of the children's games each week.
