From the Principal's desk...

It was lovely to see some cooler weather this week, however it wasn't so great for our farming families who are still trying to finish harvest. We hope for beautiful weather until everyone is finished! With just under three weeks remaining of the 2020 school year, students and staff are in full swing. It is very important that students attend school every day, ready to engage in learning.

Days missed = years lost

A day here and there doesn't seem like much, but...

When your child misses just... they miss weeks per year and years over their school life

1 day per fortnight = 4 weeks = Over 1 year missed

1 day per week = 8 weeks = Over 2.5 years missed

Tonight we look forward to celebrating the graduation of our 2020 Year 12 students, Angus Williams, Josh Roscarel and Braden Payne. After 13 years of hard work, the boys have reached the end of their school journey at UCS. This is not the end of their formal education, as all three boys will be undertaking further study in 2021. Angus has accepted an offer to study a Bachelor of Engineering (Honours) (Mechanical) at the University of Wollongong, Braden will be studying a Bachelor of Agricultural Science at CSU Wagga and Josh will start an electrical apprenticeship while attending TAFE to complete a Certificate III in

Electrotechnology electrician. We are proud to have been part of their journey and wish them every success. UCS staff look forward to joining them tonight, along with their parents.

This week, our K-6 students have been at the pool each day for Intensive Swimming. Of course it rained on the first day, which is not unusual for swimming! It always seems to be cold for at least some of our Intensive Swimming each year! Teachers are reporting that all students are trying their best and are making great progress. Intensive Swimming will continue next week from Monday to Thursday.

We are hearing great things about our Year 9/10 students on work experience this week. Even though they may not be in a job that they wish to take up when they finish school, they are still experiencing life working full time and learning many new skills that will be useful for their future. We look forward to hearing about their experience when they return next week.

If you would like a copy of the Presentation Day recording sent home, please send in a USB with your name on it.

Until next week,
Terrie Payne

Super Spellers

K/1: Isla, Max and Archer

2/3/4: Thompson, Samuel, Dustin, Alaura, Nicholas, Olivia and Lincon.

Intensive Swimming

Intensive Swimming is half-way completed and going well with students enjoying the chance to cool down. This is always a tiring time, particularly our younger students but they are enthusiastic and it is lovely to see the improvements.

Today we are lucky to have Sally Russell here for her final Science Day of the year. Today students will be exploring the Physical World. As usual Sally will be doing lots of exciting, fun-filled.

Upcoming Events

11th December- Yr 6 Junee Excursion

14th December- Reward Day

PBL in the Spotlight

Term 4, Weeks 8-9

Target Behaviour

Punctuality &
Truancy

Students are expected to be on time to school and their classes. Being able to arrive to school and classes on time is a skill that will be used in their lives post-school. As adults, they will be expected to arrive to jobs on time, so getting habits set early in life is important. Arriving to classes on time also limits disruptions to their own learning as well as the learning of their peers.
