

From the Principal's desk ...

It's great to be back after two weeks away. Thank you to Mrs Cooper who stepped up to relieving Principal while I was absent.

What a nail-biting couple of games our Secondary Lawn Bowls team had in Dubbo on Monday. The boys were winning their game against Peak Hill Central School and Trangie Central School with one bowl to go from the opposition. Anyone who's played bowls knows how quickly the game can change and this was the case on Monday. In both games, the boys were winning by three points and had the closest bowl for the final end. The opposition came in and knocked our bowl out to give themselves the win on both occasions. Bad luck boys, it sounds like you were very competitive bowlers!

Our Year 11 students are in Condobolin for Study Days this week. This is a chance for them to meet up with their teachers and fellow classmates from other schools.

Yesterday our K-6 students attended an excursion to the Lake Cowal Conservation Centre (LCCC). This excursion was funded by the school to supplement the learning being done in Science this year. Sally Russell put on a fantastic day for our students and they all had a great time.

There has been a decline in attendance over the past month. We understand that students get sick however there seems to be a variety of unjustified reasons given for some students. Well done to Kindergarten, Year 5 and Year 8 who continue to lead the school with the highest attendance rate this term. There are quite a few students who fall below the required 80% attendance rate required to attend the end of semester Reward Day so this is something to keep in mind.

Until next week

SCHOOL HAPPENINGS

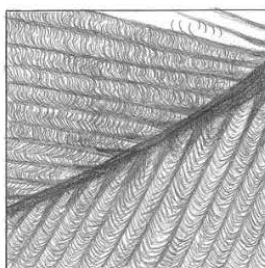

Kodi Woodward and Samantha Spencer helped Mrs. Jackson conduct a hive check. The hive was incredibly active, with lots of bees in and around the hive. It ended up being a very quick check, as the bees had joined their boxes together very well with their wax, and the boxes were very heavy to lift, so trying to separate the boxes resulted in a large number of very excited bees popping out to check out what we were doing! Before closing up the hive, the small hive beetle chux cloth trap was replaced and a honey super was placed on, to give the bees plenty of room to spread out, going into the warmer spring weather.

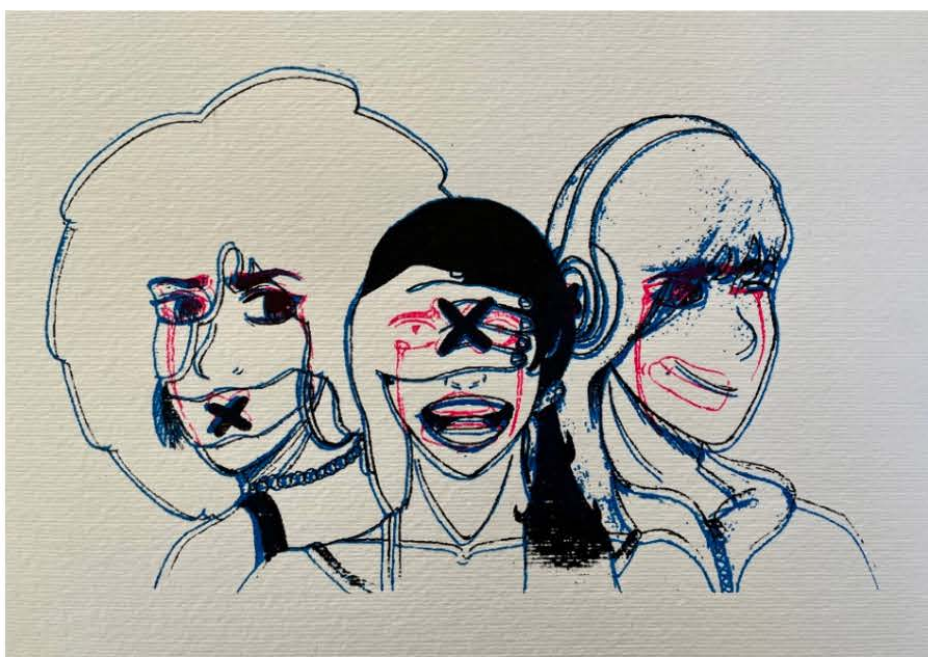

Preliminary Visual Arts

Jayda Brew has been working through a variety of topics this year to showcase her skills and develop an understanding of the subjective, structural, cultural and postmodern frames.

In Term 1, she observed pieces of nature under a microscope and created pencil drawings, and watercolour paintings of her observations.

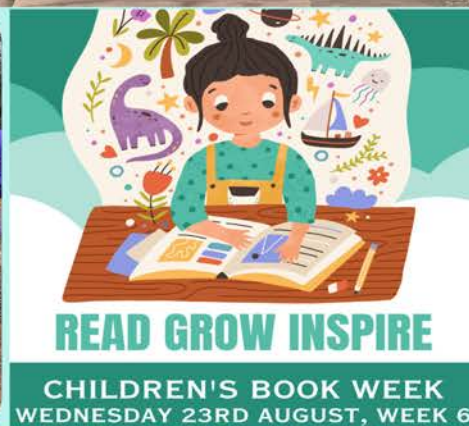

During her 'Media Release' unit, Jayda explored the portrayal of sexism in the media and the stereotyped roles of gender, through the creation of collages and screenprints.

Jayda is currently exploring portraits and working towards creating a range of photographed self portraits/selfies that convey different meanings and feelings.

CENTRAL SCHOOL LAWN BOWLS

The Ungarie Lawn Bowls team travelled to Dubbo on Monday 28th August, to compete in the Central Schools Lawn Bowls finals. After a (very) early start, the team (Harry Roscarel, Hugh Williams, Patrick McClintock and Reuben West) were excited to start the competition against Dunedoo Central. The boys were pleasantly surprised to come away with a victory in our first round robin match 9/5 after 10 ends.

Our second match was played against Trangie, and we were leading all the way up to the last bowl on the tenth end, when Trangie's skip (who was a very good bowler!) knocked out our shot-holding bowl to win the end by 2, and ultimately the match by 1!!

The boys had to regroup quickly to play against Coolah in the next round, with Ungarie coming away with a solid victory 13/3. Peak Hill were our next opponents, and the Ungarie boys were sniffing an upset in the offering. Peak Hill have been very strong in Lawn Bowls for a number of years, and we jumped out to a handy lead. With the tenth end looming, UCS were up by three...could we create history? Is the biggest upset in living lawn bowls memory going to come to fruition?? The last bowl of the tie was delivered by Peak Hill's skip.....and he knocked out one of our bowls directly to win the required 4 shots for victory! Our boys were stunned, and felt a little robbed to be honest. They had played so well only to be pipped at the post again by a single bowl, and by a single shot again!

The last game against Coolamon was a bit of a write-off as the boys knew they wouldn't feature in the medals because of the last match. The boys had played their hearts out and had come up agonisingly short. Thank goodness Mr Cattle let them go to KFC before we made the long trip home, otherwise there might have been tears!

It was a very enjoyable day (very long, but enjoyable), and the boys are to be commended for their effort, determination and sportsmanship exhibited.

Look out 2024!

TEMORA
The Friendly Shire

Temora Shire Council and Bland Shire Council have jointly received funding from the Australian Government and the NSW Government under the Regional Drought Resilience Planning Program to develop a Regional Drought Resilience Plan. This Plan will identify our region's priorities, provide a roadmap of actions to help us prepare and act early to respond to future drought risks, ultimately reducing impacts on our people, environment and economy.
