

Yesterday, I had the pleasure of interviewing our Year 9 and 10 students as part of their mock interviews in Careers. I was truly impressed by the professionalism they exhibited when responding to questions on the spot. This is a testament to Mrs Bussenschutt, who has played a crucial role in helping our students develop the confidence to contact work experience supervisors and participate in both phone and in-person interviews.

Good luck to our Year 5 and Year 11 students who will be delivering their speeches at our assembly tomorrow morning. It's always a challenging decision when voting for captains, as every student demonstrates the qualities we expect from a school captain. Students in Years 2 to 10 will also be voting for their SRC representatives in the coming weeks, and Mrs Protheroe will provide more information about this very soon.

Our Little Humbugs spent their first full day at school on Tuesday. They had a fantastic day with Mrs McClintock, Miss Hewes, and the K/1/2 students, even making pancakes! They have two more full days this year before they officially start school next year.

Year 6 students are enjoying their Transition Program, already spending time with some of their 2025 teachers. Next Wednesday, they will have a full day with Year 7, participating in a number of activities, including team-building sessions and a workshop on conflict resolution. Year 8 will spend the day with Year 9, while Year 10 will be involved in the LAP Transition Day.

We have noticed that some students are arriving at school early in the mornings, before staff are on duty at 8:30 am. Please do not drop your child at school before 8:30 am and encourage them to leave at an appropriate time to ensure they don't arrive too early.

Until next week,
Terrie Payne
Principal

Spotlight

Thank you to our grandparents and grandfriends for visiting us today. Our students and staff enjoyed your company!

SCHOOL HAPPENINGS

Hardworking Humbug Award for 10 Humbug High Five's: Freya Rowling and Tyler Crofts.

Humbug Hero Award for 30 Humbug High Five's: Charlotte Hoskinson.

Learning Journey award recipients: Mia Boschko, Quin Mayall and Chelsey Spencer.

Below: Yr 6 undertaking 'Transition to Yr 7'. They discussed expectations and requirements with Mrs Cooper and then participated in lessons with secondary teachers.

In Technology Mandatory, Yr 6 followed the Design Process to design and construct 'Chain Characters'.

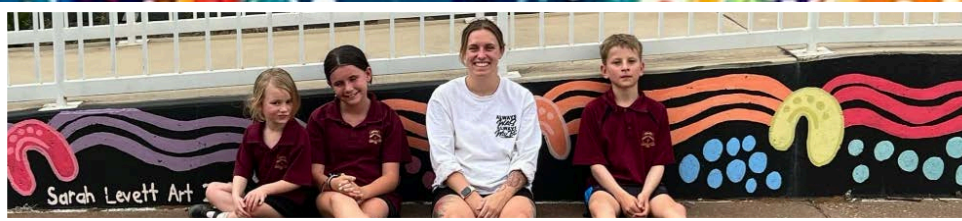

INDIGENOUS ARTIST

On Monday, 4th to Wednesday 6th November, we were lucky enough to have artist Sarah Levett visit. Sarah is a proud Wiradjuri and Gundungurra woman from Harden and Mittagong, who grew up in Wagga Wagga. Sarah worked with students to create murals on the school cubby house and secondary quad area.

She worked with our Indigenous students to come up with a design for the cubby house. They focused on the Humbug creek running through the town and the various community connections we have. These are represented by the meeting place symbols.

All students added their fingerprint to the creek to represent themselves as either a fish or turtle. All 7/8 students also helped with the painting in the secondary quad.

We look forward to you seeing this artwork as you wonder through the school in the future.

Stage 5 Industrial Technology: Timber **HALL TABLES**

Stage 5 Timber students have been building on their practical hand and power tool skills to construct hall tables. Students had the opportunity to personalise their tables through size variations, lasered designs and added hardware. Students were required to implement a range of processes and joinery that required them to use a range of skills.

YR 11 TEXTILES AND DESIGN

This project involved students constructing a garment using at least 2 different fabrics. They justified their choices in relation to the fabric properties.

As with all practical projects, the students completed an indepth Design Folio. This focused on design, manufacturing specifications and experimentation.

Kate Jackson (left), Gavin Ward (right) and Josh Batty (below) were rightfully very proud of their designs and end products.

Manufacturing Specifications

Production Drawing

Notions

- Multifilament stick-on-Peacock, Owl and Star.
- Buttons-Pack of 4, using 1.
- Zipper-Gold and white.
- Gold Thread-Gold for pants.

UNGARIE CENTRAL SCHOOL

ART TRAIL

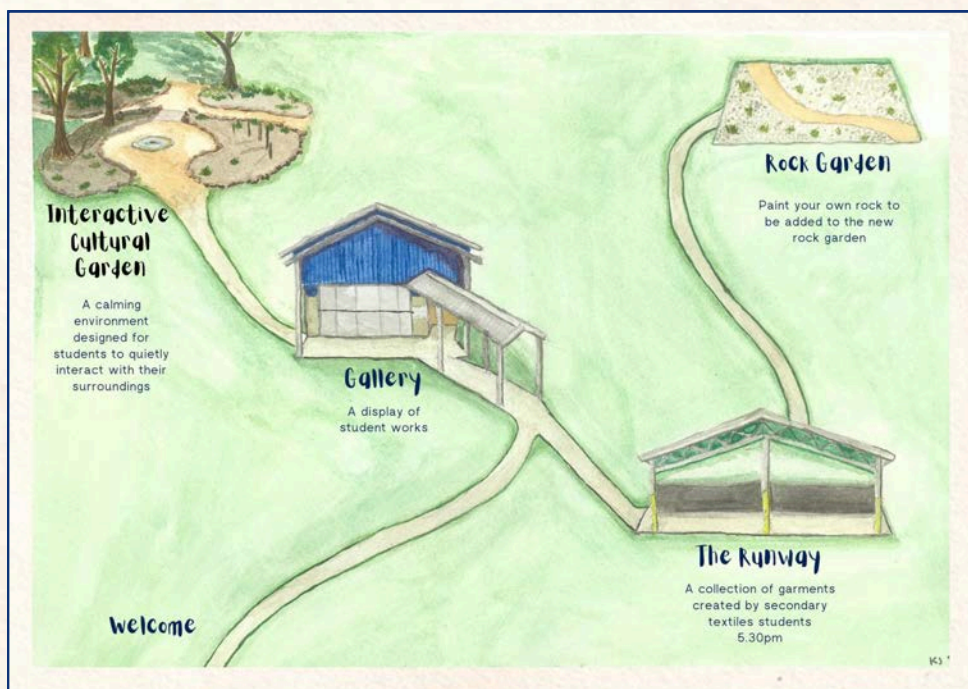

The UCS Art Trail, held on the evening of Tuesday, 5th November, was a delightful celebration of creativity, community, and culture. It showcased the impressive talents of students across various fields. From start to finish, the event offered a relaxed and inviting atmosphere that drew in a crowd of enthusiastic visitors who enjoyed every element of the evening.

One of the highlights was the fashion parade by textiles students, who presented an inspiring array of designs. The models, showcasing these original designs with confidence, received rounds of applause and left a lasting impression on everyone in attendance.

The rock painting and bubble making activities offered a hands-on experience for attendees to add their own artistic touch to the event. The finished rocks were a favourite for many and added a personal touch to our installation.

The delicious food prepared by Stage 5 Food Technology students, added to the evening. An array of enticing dishes impressed everyone with both presentation and taste. SRC students helped serve, showcasing the collaborative efforts that made the event run smoothly.

The positive feedback from attendees was evident throughout the evening. Many visitors expressed their appreciation for the students' efforts and the relaxed atmosphere. Overall, the Art Trail evening was a resounding success, offering a rich blend of visual arts, hands-on creativity, and culinary expertise.
