## From the Principal's desk...

Mr Dodhy received some exciting, yet at the same time sad, news this week. He has been successful in gaining a transfer to Figtree High School, which is in the Wollongong area. Mr Dodhy will be here for the remainder of the year and will begin his new position of Head Teacher Mathematics next year. Congratulations Mr Dodhy!

Congratulations to Hugh Williams, Jack Crofts and Damian Batty who competed at the NSW CHS Athletics Championships in Sydney last week. Hugh came 18<sup>th</sup> in the 12 years 800m, Jack came 16<sup>th</sup> in the 14 years 1500m and Damian Batty came equal 3<sup>rd</sup> in the 17 years High Jump, jumping 1.85m. After a count back Damian was placed 9<sup>th</sup>. Great effort boys!

What beautiful weather we had for the Ungarie Show on the weekend. On behalf of UCS, I'd like to congratulate the committee for organising and holding such a successful show. I know I thoroughly enjoyed the day and I have heard so many positive comments from other members of our school community. I'm grateful that all students returned safely to school on Monday with no broken bones after watching many of them ride the poddy calves and steers at the rodeo! I hope everyone had the opportunity to look

through the pavilion to see a sample of the wonderful learning that is happening here at UCS.

This week has been extremely busy with both excursions and visitors to our school. On Monday, K-6 went on a Science excursion to Wagga Wagga where they visited the Marrambidya Wetlands and the Botanic Gardens. Thank you to Mrs Stokes for organising such a valuable day for the students. On Tuesday, we had a visit from author, illustrator and performer Bernard Caleo who entertained our students with his storytelling. We appreciate the Bland Shire's organisation of this each year. On Tuesday afternoon, K-6 had a visit from our emergency services, both police and the rural fire service, who spoke to our students about safety. This is very timely with the holidays coming up. Yesterday, a group of students in years 3-6 played cricket in West Wyalong in the T20 Blast Cricket. From all reports they had a great time. Today, we have the Samba Experience workshop, which is an energetic, fast paced and entirely "hands-on" workshop using Brazilian rhythms and instruments.

Finally, don't forget to book an appointment for our parent/teacher interviews on Monday September 24<sup>th</sup>. We hope to see you all there!

Until next week,  
Terrie Payne

"Year 7/8 Science will be completing an in-class assessment task in Week 10, period 1 Tuesday and period 2 Wednesday. These are the only periods allocated to completing the experiment for their assessment task, and as such, it is very important that students are all in attendance on these days. Students will be given period 1 on Thursday of the same week to complete the theory component of the assessment task, before submitting it at the end of that period. If you know your child is going to be away on these days, please let Mrs Jackson know so alternative arrangements can be made."

*Happy Birthday to:*

## Yr 9/10 Ag Tech

Yr 9/10 Ag Tech students are planning a small plot trial using cereal crops as their focus. If anyone is able to spare a bucket of wheat, oats, barley or triticale for students to use in their trials, it would be greatly appreciated!

The 2018 Higher School Certificate examinations will be held from 18<sup>th</sup> October to the 17<sup>th</sup> November. We are currently looking for examination supervisors, both male and female, to be on our casual list of supervisors. You are required to have a Working With Children Check (employment, not volunteer) for this position. If you are interested, please contact Terrie Payne at school.

We always think our students are amazing but it is always lovely to hear from others how well they behave at out of school events. Our primary students were praised on their behaviour at the Science Day in Wagga Wagga on Monday (thank you Mrs Stokes and Mrs Payne for organising such a great day) and again for their manners and enthusiasm at the cricket in West Wyalong yesterday. Well done.

# Wagga Wagga Science Day

On Monday the 10<sup>th</sup> of September, Kindergarten to Year 6 travelled to Wagga Wagga for a science excursion. We travelled to Wagga by bus and two cars. It was a very slow trip with the big bus not liking the hills.

Our first stop was the Marrambidya Wetlands. We were split into three groups. Each group had a tour guide from the Wagga Wagga Council. Sandy, the first tour guide taught us about the life cycle of the Red Gum trees found along the water course. She also showed us a range of nesting boxes that have been used to protect animals from other species. With the second tour guide Tony, we discussed the aboriginal history of the Wetlands. We looked at the healing tree and discussed what a scar tree was. Our last tour guide Sam, talked about how plants grow and provide food and shelter for animals. When we finished we all loaded back onto the bus and travelled to our second stop.

At the Botanic Gardens, we all had a lunch break and a much needed rest. We were then split into our class groups to complete a scavenger hunt. We were given a map to follow and a range of things that we had to collect. Some of the items were a eucalyptus leaf and a native flower. Once we had finished the scavenger hunt we fed some animals in the small zoo. The zoo had donkeys, ducks, pigs, kangaroos, peacocks, horses and much more.

The teachers had a delicious afternoon tea ready for us. We enjoyed the cupcakes, biscuits and chocolate cake. We had a great day!
